Dear Students and Parents:

Field day is Friday May 14th at Lily Lake. I wanted to take this time and tell you a little more about it. Again this year we will focus on team sports and sportsmanship. The activities will be: Softball, Volleyball, Basketball, Ultimate Frisbee and Soccer. The teams were formed by students and include 6th and 7th graders working together on mixed teams and the 8th graders on two separate teams. During the day there will also be a half-mile run and an advisory class tug-of-war for those that want to participate in those events.

Students are assigned a team color, and it is my hope that they can wear the team color. If they do not have the color that matches their team's color, that is perfectly okay. Just have them wear their PE uniforms. We will be having lunch at Lily Lake provided by Tinucci's Restaurant at a cost of \$3.50. I would also recommend bringing *sunscreen* and plenty of *drinking water* to stay hydrated throughout the day. Along with the above please remember to wear *appropriate shoes* and to bring a *softball/baseball glove* if you have them. I do have a small number of gloves that can be used for those that don't have them.

I am hoping for an excellent day filled with teambuilding experiences and great sportsmanship. If you have any questions don't hesitate to call!

Thank you,

Sean Slaikeu
